

# 2018 ROA Meet

## Bus Tours

### GM Fairfax Assembly Plant

Tuesday and Wednesday  
8:00 am- 12:00 pm

This is a guided tour of a GM plant which is currently assembling the Chevrolet Malibu, and by June may add a Cadillac. The tour is contingent on the plant being operational at that time. The tour bus will leave the hotel at 8 am and return at noon. Children under 12 are not permitted by Plant policy.

For security purposes we must have the full name of everyone on the tour and they must bring ID. Everyone who registers with the ROA and includes the tour on their registration form will receive by email, a copy of strict guidelines set out by the plant that prohibit several personal items including cell phones, backpacks and knives. Clothing restrictions prohibit shorts, skirts or open-toe shoes.

### Armacost Auto Museum

Tuesday and Wednesday  
9:00 am—1:00 pm

This is a private museum which is not open to the public, but only to preapproved groups such as the ROA. The facility covers over 44,000 sq.ft. with 70 to 80 vehicles from a 1910 International to a Ferrari Testarossa. The collection includes many antique bikes, motorcycles, related art and gas-powered toys.

There is a \$10 donation to be paid at the door. No children under 16 are allowed. We have scheduled tours for both Tuesday and Wednesday mornings. Our bus will leave the hotel at 9 am and return at approximately 1 pm.

**Both tours have a limited number of openings each day**, so send in your ROA International Meet registrations early and *be sure to indicate on the registration form your choice of tour and day*. Spaces are available on a first-come-first- served basis.
