Fourteenth Annual  
"Rivieras at the Park"

This year 12 ROA members and guests from North Carolina met at Creekside Park in Archdale, NC for the Fourteenth Annual "Rivieras at the Park". We had four of the eight generations in attendance. There was one 1963, one custom 1964, one 1965 under restoration, a few of the second generation, a 1968, a 1969, a 1970GS, and a few from the last two generations, a 1993, a 1995, and a 1999SA, nine Rivieras in all. As always, a great get together. No matter the condition, we are glad to see them all. Members enjoyed conversation, technical information sharing, recommendations for restoration/chrome shops in the area, and of course lunch.

Several of the members in attendance had attended the ROA International Meet at Gettysburg in June. Two of our attendees were award winners at the meet; Ray Rapuano's custom 1964 won First in the Custom Class, and Mike and Nora Sumrell's 1968 won Second Place in the 1966 to 1970 Class.

As always, Gwyn and I would like to thank those that attended. It is the members' attendance that make it worth the effort.
